

Name of the Trainee: **Lok Bdr Khatri**

Date of Birth: **20 years**

Address: **Dubichor- 4, Gulmi.**

Phone: **9847186806**

Father's Name: **Jhak Bdr Khatri**

Mother's Name: **Buddikala Khatri**

Qualification: **Class 12.**

Disability: **Deformity of knee from birth (Genuvalgum)**

Type of Training: **Mobile Repair Training.**

Mr Lok Bdr Khatri is from the remote village of Gulmi, Who is deprived from poverty to read and he is from the farming background. When he passed the School Leaving Certificate of Nepal his education is blocked by his economic condition. One day he heard the advertisement from the FM Radio about the Hope Disability Center and its different schemes about the trainings he came to the disability center. He is selected for the computer and mobile repairing training and he learned very best through this training. He got the best opportunity through this center and started his own mobile repairing shop in his own village. Now he is studying well in a local college. His family is happy. He started his own earnings through the trainings. He took the load for the shop and he also funded his own money for the establishment of this shop. He is giving service to the villagers who have to go Tamghas for the mobile repair now the villagers got the service in their own village. the villagers are also happy to get well service from the lok Bdr. He says that I m more confident and I will do more to the village through this skill. Now his income is growing day by day through selling and repairing mobiles. He has provided different facilities for the mobile repairing, CD copy. Computer training at the same time during the mobile repairing he did his best and does works about the computer as well. He also brought a Desktop computer and kept in his shop for his shop.

So Abilis changed not only lok Bahadur's life now he has good market in the village. The villagers also now respected him as a person not as a disable person who can not do

anything. He has the full respect and dignity in his life through this training. Like Lok Bdr many of the mobile trainees who get the trainings from the Hope Center are establishing their own shops and getting opportunities and providing facilities and feeling self dignity and income generation not only for them rather for all of their family as well.
