

Welcome

Hope Disability Centre, Gulmi ,Nepal

About the Hope Disability Centre

We want to present to you our Hope Disability Centre, a non-profit organization dedicated to supporting individuals with disabilities in Nepal. Our centre provides essential care to those with disabilities, offering them a chance for a fulfilling and dignified life.

Nepal, despite its natural beauty and rich culture, faces significant challenges in addressing the needs of people with disabilities. At our Hope Disability Centre, we address these challenges.

We permanently visit villages in remote areas where the people do not even know that somebody is willing to support them and where disabled children are kept hidden from the outside world.

We inform. We provide help. And we give an example what disabled persons can achieve: Almost all our staff members have a disability themselves.

In 2023, we...

- provided prostheses, orthoses, crutches, wheelchairs, white sticks or hearing aids to more than 120 persons,
- installed six disabled friendly washrooms or toilets in the homes of disabled children or adults,
- provided physiotherapy to almost 100 persons,
- offered vocational training to 45 persons.

Moreover, we offered psychosocial counselling, educational support, grants for small businesses and clothes. If necessary, we organize medical treatment or surgeries in the hospital here in Tamghas or even in Pokhara or Kathmandu.

Your contribution

As a non-profit organization, we rely heavily on the generosity of individuals and organizations. And, so, we kindly ask for your support through a donation.

Your support can make a significant impact on the lives of individuals, especially children. An amount that you are used to spend within less a day in your country can change the live of a child here in Nepal forever.

Our staff totals only seven, so that only a very small part of the donations given to us is spent for administration or salaries, and the biggest part goes directly to those who need it most. Your donation will create a lasting impact and it enables us to continue our work and keep our little organization alive.

We deeply appreciate your consideration. If you require any further information or wish to discuss how you can help, please contact us.

Thank you for your time. Together, we can create a more inclusive and compassionate world for individuals with disabilities.

On the following pages, we want to present some photos to give you an impression of our work.
